

Paraprofessional Licensing Advisory Group Charge

The Paraprofessional Licensing Advisory Group exists to better inform the Paraprofessional Licensing Implementation Committee on the perspectives and concerns of attorneys, other members of the legal community and the community at-large on developing the rules for licensing paraprofessionals. Members of the Advisory Group represent a broad and diverse cross-section of stakeholders.

Members of the Advisory Group are expected to monitor the work of the Paraprofessional Licensing Implementation Committee. Members are invited to attend committee meetings, but will not vote as part of the Implementation Committee. Advisory Group members may present to the Implementation Committee with the approval of the chair of the Implementation Committee.

Advisory Group members will keep affiliated stakeholder groups informed of the Implementation Committee's progress. Members are requested to report back to the Implementation Committee with information and concerns and to respond to inquiries as appropriate.
